### ASSOCIATE PARTNER

#### ITI Limited

India's first Public Sector Unit (PSU) - ITI Ltd was established in 1948. Ever since, as a pioneering venture in the field of telecommunications, it has contributed to 50% of the present national telecom network. With state-of-the-art manufacturing facilities spread across six locations and a countrywide network of marketing/service outlets, the company offers a complete range of telecom products and total solutions covering the whole spectrum of Switching, Transmission, Access and Subscriber Premises equipment.

The company is consolidating its diversification into Information and Communication Technology (ICT) to hone its competitive edge in the convergence market by deploying its rich telecom expertise and vast infrastructure. Network Management Systems, Encryption and Networking Solutions for Internet Connectivity are some of the major initiatives taken by the company.

### DIGITAL TRANSFORMATION PARTNER

#### Sify Technologies

Sify is one of the largest integrated ICT Solutions and Services companies in India, offering end-to-end solutions with a comprehensive range of products, delivered over a common telecom data network infrastructure reaching more than 1400 cities and towns in India. This telecom network today connects 43 Data Centers across India, including Sify's 6 Tier-3 Data Centers across the cities of Chennai, Mumbai, Delhi and Bengaluru.

Today Sify is the largest service provider, systems integrator, and all-in-one network solutions company on the Indian subcontinent. We've also expanded to the United States, with headquarters in the heart of California's Silicon Valley.

### CORPORATE PARTNERS

#### BRIDGEi2i Analytics

BRIDGEi2i provides Business Analytics Solutions to enterprises globally, enabling them to achieve accelerated business impact harnessing the power of data. These analytics services and technology solutions enable business managers to consume more meaningful information from big data, generate actionable insights from complex business problems and make data driven decisions across pan-enterprise processes to create sustainable business impact.

Vodafone India is a 100% subsidiary of Vodafone Group. It commenced operations in 1994 when its predecessor Hutchison Telecom acquired the cellular license for Mumbai. Brand Vodafone was launched in India in September 2007, after Vodafone Plc. acquired a majority stake in Hutchinson Essar in May 2007. From a single operation base with 31 million customers, the company has expanded its operations across the country to cover all 22 telecom circles and service 180 million customers. This journey is a strong testimony of Vodafone's commitment and success in a highly competitive and price sensitive market.
